

CONTRACT FOR AMERICAN RENEWAL

U.S. House of Representatives

District 03, Commonwealth of Kentucky

I, **Richard L. Stevenson**, if elected to a seat in the U.S. House of Representatives representing Congressional District 03 of the Commonwealth of Kentucky, hereby commit to sponsor or co-sponsor and vote in favor of legislation for all of the following:

- **EQUAL POLITICAL SPEECH AMENDMENT*** Amend the U. S. Constitution to overturn **Citizens United** and related Court decisions; initiate extensive electoral reforms to ban big money and corporate money contributions used as political speech in elections and ballot issue campaigns.
- **LIVING WAGE:** Raise minimum wage to \$15.00 per hour or local living wages throughout all fifty states.
- **MEDICARE FOR ALL:** Increase Medicare benefits; expand Medicare into a universal single-payer health care system with no-cost high quality health care. Healthcare is a human right.
- **JOBS:** Reverse trade policies like NAFTA, CAFTA, and PNTR, and permanently block the passage of TPP and TTIP, all of which drive down wages and cause the loss of millions of domestic jobs. Free trade must be Fair trade for all Americans.
- Provide free tuition at all public colleges and universities throughout America.
- Expand social security by lifting the cap on taxable income above \$250,000 with no upper limit; increase benefits by at least 10% for all recipients.

I will not resist, discourage, or in any manner put up an impediment to, and will in fact publicly and on the floor of the House of Representatives actively promote, any and all legislation which exclusively supports these measures. If no other legislator comes forth to propose such individual pieces of legislation, I will create and introduce by my own initiative, within 180 days of taking office, legislative acts for all of the foregoing, for consideration by Congress.

I further understand and fully agree to the following: If I violate the above-stated terms of this agreement, I will not seek re-election for a second term in Congress. I will actively support a candidate who supports the above enumerated measures and signs a “Contract for American Renewal” in his/her campaign for election to represent Kentucky Congressional District 03.

This entire agreement constitutes a morally/ethically-binding contract between myself and all populist voters who will be my constituents, should I win the upcoming election. In the event that I fail to perform the above-required actions, redress may be sought by those same constituents/voters by not voting to return me to Congress to represent them. The voters of Kentucky Congressional District 03 will have the option to vote for another populist nonpartisan candidate to represent their interests in Congress. They will still have the option of voting in 2020 against the 0.001 of 1.0% billionaire plutocracy that “owns” the two-party system and Congress. Our one vote is our best opportunity to participate fully in the legislative and/or executive powers that govern our lives.

I sign this contract voluntarily and with full appreciation of my obligations and responsibilities under this agreement with the citizens of Kentucky Congressional District 03, should they choose me as their elected representative. I accept the terms of this document as morally/ethically-binding, and with a thorough and lucid understanding of its requirements and consequences.
