A MINOR CHANGE IN POLITICAL CONCEPT, BUT PROFOUND IN THE POSITIVE WAYS OUR LIVES WILL BE AFFECTED

MEET THE INDEPENDENT VOTERS ALLIANCE

OPEN BALLOT ACCESS AND EQUAL POLITICAL SPEECH

INTERIM ACTING CHAIR OF THE JEFFERSON COUNTY KYIVA

The Independent Voters Alliance (IVA) is simply an Internet based ballot access tool for winning *The Overdue Voter Revolution*.¹ The Hamilton County IVA is a locally based part of the growing nationwide nonpartisan independent ballot access movement. The IVA can go statewide and nationwide over the next several months and years to provide free Internet ballot access tools to win a *peaceful nonpartisan voter revolution* in all fifty states. [OHIVA.ZIP](#) and [USAIVA.ZIP](#) template web site software is available for free so you can use the Internet to manage free local and state IVA web pages in your local voting district. Use the IVA to coordinate with nonpartisan and minor party ballot access efforts in your state. Seriously!

Our 80% nonpartisan independent voter majority leaves just 20% to be in the radical left and the radical right, both of which are in the Democratic and Republican parties. (Of course, we realize radical fringe groups go beyond those two parties on the farthest left and the farthest right.) Please add your voice to the growing nonpartisan independent movement of *nonpartisan radicals*. We have no cause but liberty and justice for all, the 99%, in a more *democratic republic*. The *radical IVA* concept is common sense and bottom-up participation in government through open clean elections on every level.

HQ: Our voter revolution will be conducted from the bottom-up with IVA headquarters located on our computer, tablet and smart phone desktops. Yours and mine! Millions of desktops. No guns, no blood, no harm to anyone. The voter revolution will simply be a shift from the *bipartisan two-party political system*, to a *nonpartisan independent political system*. A minor change in political concept, but profound in the positive ways our lives will be affected. Public policy will be based upon the interests of our citizens, not upon the maintenance of power for two greed-driven political parties and the special interest money that controls them.

While you are at the bottom level of our *democratic republic*, voting or not voting, the two national monopoly parties, the DNC and the RNC, are at the top buying career politicians with campaign funds. The *monopoly bipartisan two-party system* **owns incumbent career politicians**, our “public servants.”

THE BAD NEWS: *Both monopoly parties have had control for so long that they take our one vote for granted. Few people vote, so they control the few people who do vote. Distorted radio and TV ads are used to brainwash “likely voters” to re-elect bipartisan incumbents. Voter turnout declines in each succeeding election. Bipartisan political leaders are concerned that two-party support is nearly non-existent, but they have had no reason*

to fear losing power to nonpartisan independents or minor parties. **Over 99% of bipartisan incumbents have been re-elected for many decades.**

Our widespread disgust with politics, our prolonged inactivity, protects the bipartisan two-party system from any loss of political power. ([TOP OF PAGE](#))

THE GOOD NEWS: There are 100 million unregistered age-eligible non-voters nationwide. They are nearly equal to 115 million registered voters nationwide, of whom only 12% to 49% are likely to vote.

DO THE MATH: 94% TO 74% of all age-eligible voters do not vote or actively support any political party. With the truth well known, **OUR SILENT MAJORITY could elect nonpartisan and minor party candidates we choose to every public office.**

THE GOOD NEWS: Nonpartisan unorganized voters and non-voters elected 100% of career incumbents now in public office. **We are responsible for the mess in our corrupt political system. GOOD NEWS! Organized nonpartisan IVA cooperative efforts can clean up politics from the bottom up. Up to you!**

Two thousand years ago, a Roman Senator named Cicero said, “Freedom is participation in power.” If we ever want to be free, we must participate in politics more fully than is allowed by our *monopoly bipartisan two-party system*. We must become proactive good citizens. ([YOUR VOICE](#)) [PARTICIPATION](#)

Nonpartisan radicals are nonpartisan independent voters who want government to represent real people, not *paper people* such as corporations, unions, or political parties. Constitutional provisions for *equal protection* need to apply only to real living people. The nonpartisan independent ballot access movement is all about restoring government “of, by, and for the people” at the local, state, and national levels.

The IVA active citizenship message is addressed to you and to every citizen of Hamilton County, of Ohio, and of Everywhere, USA. Our individual nonpartisan grassroots efforts will radiate and come back to us multiplied. The good we do will inspire the political dreams of our people in every community all over our great nation.

The IVA is a chance for you and me to correct the problems created by a corrupt bipartisan two-party system that acts in its own national and international self-interests. The two-party political system we have, and the governments it has created, do not act to protect the interests of our citizens or to defend our founding national principles. Moreover, it seems to me, 99% of our citizens have no representation in the two-party system.

The biggest, most carefully hidden, political secret is that nonpartisan independents like us are an 80% majority who refuse to actively support a political party of any kind. Nonpartisan independents have been unaware of their majority status and the workable political strategies needed to exert their overwhelming political strength.

I hope that you will join with me and other nonpartisan independents to elect trustworthy leaders who will make our land the home of the free. Self-government and human rights can be our peaceful nationwide and worldwide public policy. The next seven generations deserve nothing less from us. We owe nothing less to our children, to our grandchildren, and to the world we leave behind for generations to come.

“Government of the people, by the people, and for the people shall not perish from the earth,” Abraham Lincoln. You and I will maintain America as a free and healthy *democratic republic* under the U.S. Constitution. We can.

**OUR ELECTED LEADERS NO LONGER HONOR THE SOVEREIGNTY OF OUR PEOPLE
~ FORMALLY DECLARED IN 1776 ~**

NONPARTISAN LEADERSHIP: The [MODEL.ZIP](#) political campaign template provides free web pages and campaign materials for use by nonpartisan independent and minor party political candidates. This free tool can help voters take majority control away from the corrupt bipartisan two-party system. Nonpartisan public office holders we elect will restore civility to political discourse and public trust to our political process.

The nonpartisan independent audience is very wide and tired of political parties of every kind. “Independent Like You” and “Open Ballot Access and Equal Political Speech” are campaign slogans that are warmly embraced by nearly every one I have encountered over the past several decades. Please use them. People, who actually vote, usually vote for candidates from the two monopoly parties, out of habit, not from conviction. 74% to 94% of all age-eligible voters do not actively support any political party. In the past, we almost always had to vote for the least awful of two familiar monopoly bipartisan candidates. From today forward, **we can elect nonpartisan and minor party candidates we put on every ballot.** Up to you!
